

Improve Wellness & Resilience Using our Confidential Digital Tool

Capture the intelligence you need to optimize performance and assess your population's wellbeing

How Our Tech-Based Feedback Loop Works

- ✔ Remotely delivers personalized resilience content to individuals, in an automated and discreet way
- ✔ Tracks trends and risk-stratifies your population using de-identified analytics and reporting
- ✔ Surfaces actionable insights to help you identify issues upstream

75% of users within the Air Force saw improvement in overall wellbeing scores in 2 months

88% of registered Air Force users engage with NeuroFlow's activities

1 in 3 Service Members would not see a behavioral health provider in person but would use a tech-based service
